

## **Worship**

Worship is praising God for:

What He has done

Is doing or

Is going to do

Because you believe He is worthy of praise and Glory.

It is not singing about:

What you have done

What you are doing or

What you are going to do

Especially when most who sing these things that walk away have not done them and are not going to do them.

Worship focuses on God and His activities.

Self-praise focuses on our activities ignoring the facts that:

God prepares you for the activity

Prepares the activity for you to do

Protects the results

Guides you through The Holy Spirit to successfully do the activity.

You are just a faithful, obedient servant in this.

Telling others about what you have done without giving God the Glory becomes praise and worship to yourself and not Him.
